

# PREPARATION GUIDE

This preparation guide is meant for Pharaoh Ant infestations.

## BEFORE TREATMENT

- 01** Please remove cover plates from electrical outlets.

## AFTER THE TREATMENT

- 01** Do not use any other chemicals or cleaning products where the ant baits are placed. This will lead to contamination and hinder the treatment results.

- 02** Be patient as the treatment can take some time to show results.

Your full cooperation is necessary in order to achieve efficient results.
